Product Position : Mechanical Gaming Keyboard

# HIGHLIGHT FEATURES

Level 20 GT RGB | Mechanical Gaming Keyboard

### Cherry MX Speed RGB SILVER Mechanical Switches

Cherry MX Speed RGB Silver switches have the simplest operation, moving straight up and down without any additional tactile feedback or loud clicking noise – we'll come to these more complicated switches later on.

- 40% faster than the CHERRY MX Standard switch.
- High-precision mechanical switch for extremely short reaction times and high switching frequencies.

## HIGHLIGHT FEATURES

Level 20 GT RGB | Mechanical Gaming Keyboard

# amazon alexa

### Works With Amazon Alexa

All Thermaltake TT RGB PLUS products support Amazon Alexa Voice Service, allowing you to control the lights or fan speeds by talking to the Alexa-enabled device. With the support of Amazon Alexa, TT RGB PLUS products also offer an additional visual cue for checking current weather condition in your location or anywhere in the world. All you have to do is simply starting the sentence with “Alexa, tell Thermaltake”, then the lighting color will correspond to the weather condition in the location.

\* Requires at least one Amazon Alexa product to enable this feature.

\* Works with TT iTAKE Engine and TT RGB PLUS software only.
